LET'S DEDICATE TIME TO OURSELVES

As mental health providers, we strive to support our clients and help them live their preferred lives. Yet sometimes, this focus on others leaves little time and resources for ourselves. If you are a helper in need of self-care, you're not alone! We all need community to help us reflect on our experiences and feel supported in our challenges. Join us in creating a safe, inclusive space to prioritize our ourselves and replenish our energy for helping others.

Licensed and pre-licensed behavioral health professionals (MFTs, LPCCs, MSWs, and Psychologists) are welcome.
