

# Summer English Camp Italy

## 2020

*Teach kids in beautiful Italian settings!*

### About the InterExchange Program

On this fun, laid-back program you'll volunteer as a Summer Camp Counselor for 4 to 5 weeks, helping Italian youth with their conversational English. Your afternoons and weekends are free to relax and explore with other counselors. No Italian skills required.

You'll have shared apartment accommodation or live with a host family (depending on which session you choose). Lunch is included on all camp days and you'll have a chance to explore Italy with transportation discounts.

### Dates and Application Deadlines

Each summer there are three start dates with limited space available. Space usually fills up months in advance so please apply early.
