**58. Has the program to date met your expectations? Why or why not?**

1.	No. I was expecting a more rigorous curriculum my first semester and it really turned me off my first semester. I thought the class should have been more practical. We should not have spent three hours talking about one article. EDLD558 should have been an introduction to educational leadership. We could have attended Board meetings, Principal Meeting, and other activities that would give us a taste of educational leadership.	Wed, Jul 1, 2009 7:45 AM	<a href="#">Find...</a>
