

## APA Style References Formatting Activity

**Rewrite the following references in correct seventh edition APA Style.** There are 12 references labeled by type. Section numbers indicate where examples can be found in the *Publication Manual of the American Psychological Association* (7th ed.).

Pay attention to both the order and format of elements in each reference. Use your word-processing program to move elements into the correct order and to apply formatting (e.g., italics, hanging indent). Add, edit, or remove other elements (e.g., fix capitalization, add punctuation) as needed.
